"YOUR SOURCE FOR QUALITY BORESCOPIES AT GREAT PRICES"

FLEXIBLE BORESCOPIES

Flexible Borescope Kit (P/N FFPACK1) includes (P/N FFSL1) Flexible Borescope, Light Source, Power Adapter, Accessories and Carrying Case

GENERAL PURPOSE FLEXIBLE BORESCOPIES

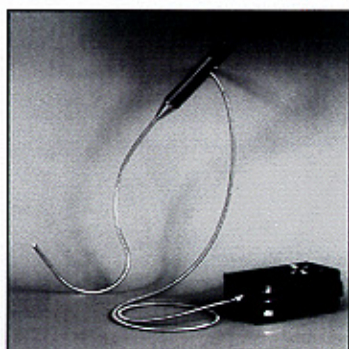

Our popular FFSL1 is used for a wide variety of visual inspection applications and rugged use. Protected by a semi-flexible armored sheath, it can be bent to view around corners and angles and other hard-to-see areas. Includes adjustable eyepiece focusing +/- 5 diopters, 25X magnification, focal length of .200" to infinity and is available with optional video camera add-ons.

FFPACK1 is a super value for price and performance – the best in the industry! Includes:

- ◆ general purpose flexible borescope
- ◆ a portable 100-watt high-intensity light source
- ◆ choice of either the AC or DC battery power adapter
- ◆ padded, foam-lined carrying case
- ◆ removable mirror tip for viewing at right angles

Removable mirror tip for 90° viewing

FFPACK1	Flexible Borescope Package with light source, power supply and case				

GENERAL PURPOSE ARTICULATING FLEXIBLE BORESCOPE

Our P/N FFSLA-1 General Purpose Articulating Borescope has the added articulating function – at a very reasonable price. This model is designed like the P/N FFSL1 above with a "rigi-flex" semi-flexible protective sheath AND uses the same image bundle, eyepiece and articulating capability as our more expensive Articulating Flexible Borescopes shown below. You have a product that offers the best of both worlds – at a lower price than our 4 & 6 mm units.

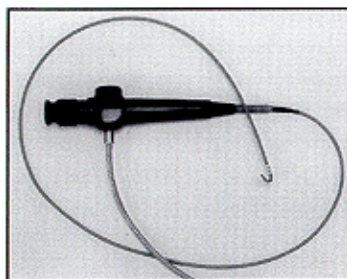

Part Number	Diameter (mm)	Length (mm)	Direction of View	Optical System	Field of View
FFSLA1	8 (.315")	610 (24")	Forward	Fiberoptic	60°
FFPACK3	Package includes Articulating Flexible Borescope FFSLA1, light source LSP1, power supply LSP1A and case.
